We were in ekt server, we asked ekt for a 2 vs 2, these two people said sure. So that would leave one to believe they are ekt. If they are not I apoligize to ekt for the confussion.

Secondly, other half of the screenshot would be nice, considering the ss shows no one in the stank, scores are all missing/cut off. kinda odd IMO.

as you have said yourself, only 1 screenshot is posted so far, shows 2 players on your team in that half of a screenshot, looks like you simply made a server, had 4 people join, and when I asked you to take the ss of a stank, neither one of us were in field, I brought a stank out into the field, sat infront of you, while I was still in the stank, and all you did was destroy it. I never got out, like your little ss shows.

So post both screenshots, from both of you. And full screenshots.

That SS gave me a boner, IT HAS MY NAME o;

They're back btw and newer names. I caught them again.

Pgun is MrDeMarco and MrRagatzi is probably Packer. If it's not packer, it's some other n00b that likes cheating also. Apparently his repair gun can do double the healing.
