how do i make 3ds max export my work as w3d
a downloaded the exporter from renhelp.net downlaod section
but where do i put the files how do i need to make it work
thank for reading
cya

yuo cnat epxort to w3d wiht 3d max 9 hwoverer if you hvae versoin 7 or 8 yu can unpcak the
w3d_exporter.zip intoo teh main foolder were you instaled 3ds macks.....

When done, the w3d plugin will load at the startup of 3dmax. From there, use it like you would use
RenX. I could be wrong, the last time I had my hands on 3dmax 8 was over a year ago.
