I was just being a smart ass. The attitude of your topic constituted it. Don't take it personal though, I'm just in a screw-around mood today.

So you're quitting Renegade, and asking about BF 2142 players on the Renegade Forums? I think you'd be better off talking about BF 2142 on a BF 2142 forum.

What do you think?

Your hardly even a member of the community...

A much more appropriate thread would have been

Quote:BF 2142 is fun, who else plays? whats your user names? I bet I can kick your ass!

However, now you have gone and set yourself up to get flamed...

Feel free to bring it. I may even take the time to scrape you off my walker afterwards.

I only have the demo, but playing it for about three months has made me quite good at the Sidi map. I'm going to buy the full game after my exams.

Mine is "blazer0x". Unlike apparently most people, I can play more than one game and have fun at them all, instead of the dramatic "I'm quitting game A forever to go play game B" posts. Me and some guys from work play BF2 and BF2142 about once a week, I look forward to you trying to "wip" me

What server do you lurk on Blazer?

I prefer the DAM servers. Good professional players who like squad play. I get owned on a regular basis.

Oh, and while we're here: Favorite Kit?

Mine is Engineer and Recon. There's nothing better than watching the mines tearing apart a walker or an APM taking down a squad rush....

Posting WAREZ on teh NO WAREZ FORUM.

Idiot.

If you're 15, why can't you at least put some effort into grammar. It's embarrassing, I'm younger than you.

Also, there is ZERO coolness in winning through hacks. It makes you a fucking douchebag.

Hey Blazer, he will have no problem "wipping" you...look at his signature; he's a damn cheater. He probably cheated in Renegade and now he's gonna be cheating in BF2142.

I hope he never comes back to Renegade.
