Hey, where can I find the Renegade Assets and the Ren 2 model pack(the assets being the pack with the Hovercraft, Buggy, Bradley, Su-27 and other models.)? C&C Source happens to be conveniantly down, and I really need them.

Only cnc source had them in my own searching, I've looked elsewhere, but no luck.

Dude, that'd be awesome if you could upload those models up on your server. I only really need the vehicle models and their textures from the assets pack(the buildings, ect are crap.), and the whole Rene2 pack if you have the server space/willingness!

http://files.filefront.com/Renegade+2+Model+Pack/;4908184;/fileinfo.html/1/1'

http://files.filefront.com/Old+Renegade+Assets/;4908114;;/fileinfo.html

Most of the files that were uploaded on cnc-source can be found there.
