i login and click on advanced game listings and i get this message

i click ok and no servers show up, but i can still page people

i cant reinstall renegade because my install disk is broken, any ideas how i can fix this?

maybe go to : my information and select USA server instead of Europa

otherwise i thought there was a Xwis plugin or something, i bet some1 of this forum has it for you..

Did you patch to 1.037? You can send back your broken disc to EA with a 5 \$ bill and they'll send you a new copy or you can buy a new copy for about the same price without waiting 3-4 weeks.

Hehe, Dit is een geweldige tijd om mijn Nederlandse vaardigheden te toetsen.

Ok, is er geen lapje voor de Nederlandse taal zo dat uw toestand nodig het engelse lapje heeft..

tenzij u Duitser of Chinees spreekt

[ftp://ftp.westwood.com/pub/renegade/updates/Renegade\\_1037\\_English.exe](ftp://ftp.westwood.com/pub/renegade/updates/Renegade_1037_English.exe)

Inclusief zal u bedanken.
