Are you disapointed that the wol server is down? Try REOL, Its just like WOL but run by different people! Its easy to install and uninstall... just read this and download it!!! ITS GREAT [looks exactly like regular WOL in games]

this was all announced so hopefully the disappointment is at a low dude, but REOL is the way to go at the moment and looks very promising so DONT GO TO GAME SPY go to REOL.

Wait soon as the buddy list is completed and people can chat normally and see peoples names in the game before entering people will flood to the REOL server ...

We amy have to wait a while to see that though.
