I dont care if your 38, I'm younger than you and more probably more mature from what we have seen from you, age doesnt mean your smarter, you can be a drunk college drop out for all we know, and big servers? that isnt skill, it;s just point whoring to get mvp and rank, real skill is handling a well balanced team while still taking 2-3 jobs all at once ingame, sitting in a mrls and shooting a ref for 4 hours straight aint gonna prove you gotz skill.

1. In my opinion, real names and birth dates are public information. I don't go out in public, meet someone and say: "hi, my name is gamer111".

2. It is a signature, not an avatar.

He achieved his dreams I guess....

You cant graduate after 1 year of college, you dont have enough credits to from just 1 year...thats why people stay for 4-6 years....and it's sad he cant spell pwnt properly.....

He says "I have NOT failed at life" yet he is nearly there...just another 5-6 seconds and walla.

If you can answer me this one, serious question, I'll defend your intelligence. That means don't flame me, the question, or anybody else. Also, no nonsensical challenges for a 1v1. Just simply answer my question. Okay?
