no offence to you guys cos i know u work hard and all

but im just sick of renguard crashing EVERY time i play ren

i looked at the faq, and it said to got to the add/remove software section, and guess what? no rg entry

how do i remove it from my pc??

cheers

If it isn't there, and there's no "renguard uninstaller.exe" file in your Renegade directory (C:\Westwood\Renegade\) then it's no wonder it's crashing, as it isn't installed properly.

Anyways.

nope i havent got that in ren directory..

oh dear

anyway i can remove it then?
