Hey all, ive been practicing my modeling skills for a bit now & here is the result, ive fillany finished my first tank made from scratch. (expecting the treads, i can never get those right for some reason, but it wont bother you ingame)

Here is the Bradly infantry fighting vehicle. From the real US army!

i aprecate any feedback, but dont flame, i have feelings liek any other person. Enjoy!

Not to be confused with the FAKE US army.
On a more serious note: Looks good.

this is off topic, but i find it funny how people download the image rather then the actual file >>
now back to the topic

the image is "downloaded" every time the page loads as youve put it on the page.
Pop a bump map on er and she'll be brilliant
