For a new and highly addictive game try this:

It was previously posted by Evil White Dragon. Log in a few times a day for an update. At the moment I am on it 8 hrs a day instead of playing Renegade

I give a shit who started it. I am actually pretty huge in that game now. I've got mad nukes and all. 100+ F22s. It's a fun little game.

Another interesting one to try out is Trukz.

I'm not doing so good in that one lol. I get so many tickets... My guy definately would not have a licence in real life. Although if Ryan was still in I could just keep buying new ones. Bit of an Illinois joke there.
