I would hesitate to call it an advantage skin since you can see through the walls anyway, but it certainly makes it easier to see what's coming on the other side of the wall...

 Clan Leader

started in July 2005 by trooprm02 and trooprm01. We both have been playing this great game since the day it came out and haven't stopped since. We started this clan because we were tired of trying out for stupid clans that sucked. Under trooprm02 I was ranked anywhere from 1st in the Summer of 2003 and am currently ranked 18th in North America. Trooprm1 is one of the best snipers out there (currently undefeated), so we decided to start our own elite clan. We also have 3 Servers running on WOL:

1. [+TRPM+]AOW-Some Server [Online]
2. [+TRPM+]Expert Sniping [Offline]
3. [+TRPM+]Modded CTF [Offline]

These are Dedicated Brenbot, WOLSpy, Half-Renquard Servers, with fully working ingame

LOL are you really that stupid tell me? He got banned for having radar hackign numb nuts. You are truely stupid if you think having a mod that tells you what was used to kill you or other players is a cheat. Its to help find cheats. If your in a med and it says you got killed by a pistol or something isnt it kinda obivous?

EDIT: Tell me, if it was a cheat, why would crimson allow it to be downloaded in her forums dumbass?

I'm not angry. I used big letters because you prove over and over again how ignorant and dim-witted you are and it takes stuff like that just to get through to you.

As for anger, when you cheated against Mike and his brother, it was out of anger. When you started that feeble thread trying to flame me on n00bstories, it was out of anger.

I don't know programming either. As for 'I just play game nothing geeky about that', no, you don't just play the game. You get SO ANGRY AT LOSING that you feel compelled to cheat just to vent your renerage, and there's not a lot more pathetic and geeky than that. It's also nice to see you go into denial overload every time I call you a geek or a loser... good to see I'm striking a nerve, because if it wasn't true you wouldn't care.

Geek.

BTW I no one in my whole town knows I play any computer games. So I have nothing to be worried about. There is nothing to be in denial about, but of course when I say u were pissed about killig your ref you went into denial and overload swearing and capslocking.. I must have hit a nerve, otherwise you wouldnt have cared. And I would like to add one more thing spoony. The stupidity being shown in this topic is unbelievable.

1. Covert you and spoony sound like a couple 3rd grade g33ks.
2. Anything to do with troopm02 is totally fucking retarded and itsnt worth posting about.
3. Extended kill messages arent cheating, if thats the case RG is a cheat because members of the RG team have been caught cheating, so troopm02 shut the fuck up.

I have a server online that gives extended kill message, even tells when OB kills someone in public, as well as when agt does.

because a cheater made a script doesnt mean the person using the said script is a cheater, Just like you look at me as a cheater based on a ss I took with the artic skin pack on my machne.

Troop your a total fucking moron. BTW I look forward to stomping your ass in that little 2 vs 2 tournament troop, if you actually make it that far.

I know what spoony is like, " no spoony this isnt a flame" But I dont agree with alot of the ways he goes about things, and im sure he doesnt like some/alot of the things I say or my opinions on them, but its kinda a deal where you agree to disagree. Arguing about this and who cheated and who said who cheated and so on will go no where. Besides this is a topic about roop, not your guys hard feelings about each other, so flame troops dumb ass not eachother, allthough I still stand by my first post that anything to do with troop is plain retarded.

Your being kinda a dumbass in that respect,

1. Considering spoony doesnt hardly play ren much anymore.
 2. You can have a life and still play ren dumbass, not all rene players sit around 24/7 and cheat just to piss people off.
 3. Just cuz husband/BF plays ren, doesnt mean the wife has to. Obviously you wouldnt know this because you are 15-16, just judging by your level of common sense and maturity btw

No actually he started trying to insult my life when he knows absoultey zero about it, I got a nephew that is getting his second heart surgery within this year and hes only 5, I got a girlfriend, I got tons of friends no matter how much spoony tries to pretend he has a life he wouldnt be trying to use the ol "you got no life" tactic unless he himself has no life, I snowmobile with my friends in the winter and have 10xs more fun than he will ever have, I play around jet skis in the summer out at the lakes with my friends and go boating and throw back a few beers while we play poker or something. He has absolutely no idea who I am to even try and take a stab at insulting me with my life. That is why he wont answer me question about what his life is really about. He knows he has none, and I only play renegade when there is nothign to do I live 6 miles in the country so I cant always be around my friends, but atleast I will make an attempt, I also still have time to take my girlfriend out to the movies and drive her places. If u dont believe this spoony u can fly up here come to my house for a week u will see how much shit goes on. Otherwise dont even try and start shit on my life.

BTW, yes it is the internet but u can hide behind ur computer all you want you would have never said this to my face in real life that is wat is pathetic. Just cause you never had any friends any high school doesnt mean other people cant.

I know you get SO ANGRY AT LOSING a computer game that you practically suffer a nervous breakdown and you have to cheat in response just to sleep at night... that alone proves you're a sad, pathetic little geek. I don't CARE what else you do in your free time, because that proves you're a loser, and so does the fact you get so angry and so defensive at the truth of it being spoken to you - clearly, it cuts you all the way to the bone.

Here's what else proves you're a loser: you're DESPERATE for people on the other side of the internet to think you have a life. Yes, that's right, desperate. You remind me of C4packer - when he was caught cheating he did exactly the same.

What have I done to make you so furious, I wonder? Call you a loser? Big deal, don't cheat and I wouldn't have said anything... every cheater seems to retreat into a defensive shell whenever someone calls them a geek for cheating, join the ranks.

Go get angry over a computer game some more, geek. (that's your cue) It really is hilarious watching you snap.

K both of you...I've gone for 2 hours playing BF1942 and this thread grew from 2-4 pages. Shows the maturity of both of you. Spoony if you are as mature as you usually are, you should just drop this or ignore him. c0vert either ignore Spoony or just stay away topics which mostly involve him.

Someone who cheats out of anger and with the express purpose of annoying people has no right to question anyone else's maturity, nor does someone who compulsively lies as much as you've done in a feeble attempt to flame someone.

I ask again since you dodged the first time I asked: What's the worst I've done? Call you a geek because you cheated out of anger at losing? Saying that to you doesn't put me on your level.

If you can't handle being called a loser for cheating, don't cheat and you'll be fine.

I'd say your lack of anything remotely relevant or mature to contribute is pretty evident... no sign of proving me wrong about having anything better to do than carry on a flamewar you started and lost a long time ago, either.

Question: are you physically unable to stop posting, or is it simply a case of not having anything else to do with your time than vent your furious anger at being called a geek? Something which, let's be honest, wouldn't realistically make a mentally well-adjusted person as angry as it made you? I ask only for information, though I don't expect a remotely intelligent response from a compulsive liar and a cheater.

hmmm, let's see...

- I can actually handle losing to someone better than me without getting so angry that I need to cheat to get back at them
- I don't cheat just to annoy people
- I'm not a compulsive liar
- I'm capable of a better method of argument than simply repeating what the other person's just owned me with...
- I'm not so pathetically desperate for people to think I'm not a geek that I need to make up a completely fake account of what I do in my free time

c0vert does all the above. I call him a loser for doing the above. That does not put me as low as him, sorry...

This is the part where c0vert spouts some rhetorical garbage (or repeats something I've shot him down with) to pretend he isn't shaking with anger at the reality of this post.

Funny cause the real troopm came into n00bstories yesterday and started his 1v1? constantly, he tried to rush the hand with an apc and I owned him with my apache and stole his apc. But than I gave the apc away and someone left it behind and it got killed but anyways, he starts to flame in caps lock and ended up getting qkicked 3 times and than kicked for 48 hours. The only reason the kick was over ruled was cause it wasnt by a full mod. Now that was owned.

Never said im going to play you. btw, thats not the only SS's I have. I also have the CRAZY skinned everything SS's, you posted from a game you played on Mesa. And its worse, or just about even. Neither did i say i was never gonna play st0ne. Either way, we will ATLEAST make it

to the semi finals, but no matter how good any one person is, theres NO way they can beat 40+ skins giving the person crazy advantages, or a IRC+RGH combo. Cant be done.

You cant give me one, because there is no logic reason to think it gives anyone an advantage. Looks like to me troop, your cooking up excuses as to why your gonna get your ass beat down. For you to make it to the finals, your gonna have to beat my team or stones team. Which got news for ya, dont think either one is gonna happen.

plus irc isnt a problem, no one has the irc channels for this server except fl00d3d and proolly nightma. And the whole *cheat name removed* thing is just you looking for an excuse as to why your gonna get your med tank rammed up your ass in this 2 vs 2 tourny.

maybe the fact that no biatch, no renguard? r3p4, your a disgrace to cw.cc, I dont know why they let players like that join the league, ive seen you play and its a shame, no wonder why you've never agreed to play me the many times ive asked you on msn. and IF they weren't cheating (not even possible), they would be the BEST renegade players, EVER. Best pistol, best everything inf, yet vechs only ok? Dont think so. Do you think they would agree to 1vs1 me in a biatch1.1, renguard'd server? Also dont think so.

troop, you always ask 1 vs 1 when im playing clanwars.cc matches or when im doing something with my son on the PC.

Now if im a disgrace to clanwars.cc why am i one of the most active players?

Also troop, why is it everytime you got your ass kicked in a game, theres always an excuse like, Oh they cheated, or I ioned ped I should have won GG

Seriously dude you always cry cheat. you said you were gonna make it to the finals, you didnt make it now your making excuses.

WHO the fuck is OSTK? Imfao and dont think cfg is even on clanwars.cc

And my gameplay is horrible? Have you ever played against me?
Secondly if my gameplay is horrible, the M2 clan we faced in the first round of the tourney is three times better then the guys u faced, and we won 3-1, you got stomped, so tell me how you can judge anyones gameplay.

To talk like his son like that, like it's not a big deal or that he's making it up. Your a fucking disgrace to even use sarcasm in the terms you did.

"son"

Pfft,troop, you don't know the first thing about being a parent.

I have a son coming in three months, and Seeing that post you made, was absolutely disgusting.

You don't know what it's like being a full-time dad, nor do you even have the capability of it.

You are more worried about playing fucking renegade, calling people shit, cheaters, and other shit, that you can can't see two feet in front of your face, and find out who FUCKING RUDE YOU ARE.

Since I didnt see rh4p3 say anything in regards to this, I had to.

Once you have a kid troop, you'll know.

Until you have a kid, fuck off on others.

Don't even play on like you have a girlfriend, we all know you sit there and play with your hand, named palmala.

Hello, I am Mayor Fred of the gorgeous port city of Hamilton. I am not sure exactly what all of this controversy is about, but I love my city dearly and I loathe seeing her slandered by a sadly misinformed neighbour from the federally-funded capital region of Ottawa. (I have visited Ottawa many a time and I must say that it has a fine war museum!)

While it is true that poverty exists in Hamilton, and in many other cities within our great nation, I would also ask you to consider what Hamilton has to offer to your family, Mister Trooper M. 02, if you ever have the misfortune of reproducing.

Hamilton has a bustling economy and a large number of employment opportunities in the steel and manufacturing industries.

My city is home to the Royal Botanical Gardens, the Canadian Warplane Heritage Museum, the Bruce Trail, good old McMaster University, and the Hamilton Tiger-Cats (go Ti-Cats!). Hamilton also possesses a fine public library system, an unmatched farmer's market, and a thriving arts district.

So, I hope that you will consider our lively city in a new, positive light the next time you are engaging in these seemingly pointless debates over the internet.

Good day to you!

-Mayor Fred.

ps. Vote Fred!

No I didnt you dumbshit. Five bucks says that just some idiot prick who decided to make a new account.

Come on , it's not hard to make a name like that.

Seriously though, you have to admit, thats pretty hilarious.

And troop, get your facts straight-

Off the escarpment (known as the "core" of hamilton)

Is the shittiest place to live in. It's old, (over 150 in most places) Smelly due to smog/lake ontario being a shit hole.

But once you get on that escarpment, where I live, Youll see on google-eart or whatever the hell you use, that you can see how much better/organised, the houses are way newer, the city itself, troop, if you didnt know, Is moving to the "mountain".

We all know our city's a shit hole, but it's my shit hole. And I don't think that even gives you the right to mock up my city.

What does wealth have to do with anything anyways? Why would anyone care about how poor or rich a city is? I mean honestly. If some city is the poorest one ever, there still can be some pretty nice or smart people there.

Like, wow... do all the trooprm threads go this way? I figured he was just a worthless piss-ant who trolled the servers but he's taken it here too? I actually took the time to read this thread.

Dude, it's not like Ottawa is much to sing about either. Then again, trooprm, your pretty petarded... not to mention a complete moron. Why make fun of the dude if he has a kid? If anything, it means he scored... something I doubt you have yet accomplished, unless the foreplay involved a wad of twenties.

Oh, and boys and girls, I think this might be trooprm02, in the flesh right here. Oh, and enjoy the music. It's totally Billboard Hot 100 material.

Just goes to show how much you know.

Eidos released a PC version of FF7, but then you are quite right, it was originally made for Playstation.

FF7 is not primarily an anime. It had one spin off anime episode. Therefore it is not primarily an anime.

Then there was the CG movie which rocked. Still not a conventional anime though.

FF7 is the greated RPG game ever concieved. End of discussion.

They might be video game characters, but they are japanese, and the main japanese art style is anime, so its not that weird that they look animeish.

Most games have animated characters. Not characters from movies or shows, but the characters are really animated.. they just move around. So... anime.

I don't think i ever heard people say that it is anime, but never heard people say that it isn't. Nobody just really thinks about it.

You can find anime comics of all of those except for maybe Donkey Kong, lol. But wait, Donkey Kong had its own anime show I think?

This is actually funny and honestly a pathetic thread, your all just making yourselves look like douchbags arguing about one person, you just love him around here... why would you make so many threads, and mention him so many times without that reason?
