I plan to have an interview with as many "old" Renegade clan/community leaders as possible. This interview will preferably happen by MSN (or e-mail) and all clan/community leaders will get the same questions. It should be interesting to discover how the different clans were created, what their views of the game are, and much, much more!

The only condition is that I will only interview leaders of clans that were created in 2004 or before and that you have a person left that's capable of answering questions about its creation (basically if your clan was created in 2003 but noone has the slightest clue about its history then there's no much use). I also ask there to be some consistency: a clan/community that was created in 2003, then closed after 5 months, then reopened in 2006, closed after 3 months, then reopened since 2007 doesn't apply.

I hope this is more or less clear . Please PM me the details of the person that you want to have interviewed.

Clans/communities I'm certainly thinking of (so you have an idea):

n00bstories
The KOSs2
Soq
WNx
Jelly???
n00bless???
...

I don't know all and everyone of them ofcourse, hence this post :\$.

I wouldn't include renegadeforums.com (and similar) as they don't have their own in-game entity.

Why not interview Spooky or someone that knows about the history of the cw.cc renegade
league? I think that would be an old community. ;p

Cause he has a seperate spot in my interview list. I think Spooky /clanwars.cc earns that.

KOSs2 are all but dead but they're European, just like WNx. That might be why u don't see them around... Don't throw stones when u aren't without sins. And don't turn this into a flame topic, plz.

I'm the leader and founder of the Nod Elites clan [NE]. Since I am the founder, I know all the history, and I have it all written down as well. We became active on July 17th, 2003. We're over 4 years old. You know how to reach me (profile).

Here's a video of our 4th year NE-Versary

I don't think the SOQ clan is an "old" clan by the way.

When it comes to other clans, you'd have better luck interviewing [gse]Pete_North or something. [gse] was probably the best Renegade clan ever in terms of clanwars, and they lasted a really long time.

No wonder they only want to interview "old" clans and communities. These new ones don't know how to manage their members properly.

You'll probably need Jelly himself to represent our communtiy. He was the one who founded the community and friends from old clans joined in on the mod-team.

I could tell you a bit about gse, since I was around during its conception in 2002 (although I didn't join the clan until January 2004, so there's some important history I don't know about). Sniper_de7 might be useful for information about that, or Peter_North as Fobby mentioned.

Not yet, it'll basically be any clan that I can catch that fits those conditions. It might take some time until I get around it, though. Might do spoony first .

I know this is late, but I figured I would have to register(somehow I havent since release) to get this word in.

Nightma12 has to be included in these interviews or I will slit my wrists.

Ive been playing since release. And from all the communities Ive been involved at some point(even if just reading) including here,cw.cc,all of Nightma's, Xphaze,and others I cant recollect. I havent seen many people more involved with Renegade than Nightma12.
