Hey guys i played Renegade yesterday on my server. Then renegade crashed... cuz it says Connection to Westwood lost. Then i tryed to rejoin to serverlist. And it says My serial is banned Why? why does the message dont comes earlier?

before that message comes i had that 2 (i think 2 months ago)... but after a hour i was able to play renegade.

Did you let any of your friend's borrow your CD key? Does anyone else use the same CD key you use?

If so, then that is your problem.

Heh, I remember about 4 years ago my younger brother got banned from a WOL chat channel by HelpBot for saying "be carefuk what you say or the bot might kick you," or something to that effect. Good times.
