Hmm, sounds like a virus. To my knowledge, it was Sir_Kane and Scorpio9 that made the right
patch, not BHS.

That's funny, because neither are a part of BHS.

No, they fired you on the 27th and replaced you with two gorrilas and a chicken. I'm very sorry.

Scorpio was still a member of BHS when he and SK released it, and it was announced as a BHS release.

I would suggest downloading it from Scorpio9a's website as opposed to through a torrent site though.
