Wow... dude...

Ok, I only saw one christian say that was offensive (In the other topics with the Jesus). Then everyone started saying that every singal christian found it offensive and couldn't handle it.

You guys were just assuming we found it offensive because ONE person said that it was offensive. The majority of us said we didn't care much.

Most people who claim to be christians are retarded and don't even know what their own religion is about, so they shouldn't count anyways.

The generalization pisses me off, but I couldn't give a flying crap about the picture. Why don't you hit the Jews and the Muslims while you're at it?

Remember, it's always cool to pick on the Religious folk, but as soon as it goes the other way around, words get removed from dollar bills and pledges are changed.

What exactly happened that pissed people off? I don't see a topic or post here that you guys seem to be talking about.

Are you talking about luv2pb's generalization? If so then I'm sorry that that actually pissed you off. I'm a Christian, but I'd be lying if I said that most Christians wouldn't take offense to such a thing. Most Christians take offense to anything that they think is against their religion, which is funny because most of them have no idea about it.

edit: wow i had all of that in one sentence, fixed
