ok i know i aint much good at web design or much more of anything ese really but here is something i have made because i want to get clanwaring again

i know its not looking good but if it gets to be popular i will arrange for it to be all sorted out n kitted like cw.cc was:)

so here it is

<http://www.myleague.com/teamrenegade/>

please just remember i have no idea wtf iam doin with websites n just wanted to help the renegade world out a little

They need a better webhost then... most decent webhosts will block DDOS attacks.

Whoever their host/datacenter in is doing a horrible job of hosting. Technicians need to spend some time and filter out all the DDoS ip's from hitting that server/site. Whose the owner of clanwars?

He owns the renegade league, not clanwars.cc itself.
