When i go to log into dcomproductions.net i get this in my face!

You have been permanently banned from this board.

Please contact the Board Administrator for more information.

Reason given for ban: Swearing, Flaming, And Insulting people, 5 day ban, As a cool down.

A ban has been issued on your username.

I'm just like WTF!?

The name of my last Topic is "LUA version 2"

Try finding it if you can.

But i just cannot believe it. Cheeky bastards. I know i occasionally let of some fire here but over there on dcomproductions i'm as sweet as a nut.

They claim that i've been banned for Swearing and insulting other users.

Well i;ve already E-Mailed the Owner/co-Owner of dcomproductions but i have not yet been replied to!

I want to say that the only users i insulted where those who insulted me! There's a saying and i go by it. "What goes around comes around!" DON't ya think?

IF some asshole is going to insult me (Calling me a dumb fuck!" then i'm going insult them back!

It's just completely unjustified to ban me when i was merely retaliating to those who provoked me!

They are the ones who should be banned

And as for there claim that i swear i mean they can just F\*\*K of with that one!

I very rarely swear there and when i do it's often something like "Piss" or maybe "Asshole". And those words that are more extreme like "FUCK" i usually fill in letters so it looks like "F\*\*K".

People who ban for reasons like this not even without a warning or notification are just reall jerks. There are some total w\*\*Kers over there!

If Dave and his staff banned you, I know it's for a damn good reason.

Once again, you show your complete idiocy by coming here to bitch about this. This time, the site you're banned from ISN'T REMOTELY RELATED TO RENEGADE. For fuck's sake, how god damn stupid can you be?

Why must you continue to bitch about your status on other forums and servers on these forums? They have NOTHING to do with what you're bitching about. If you want to contact people from DCOM, try finding their contact information out on the site, or send a PM to them on these forums instead of posting in this thread that DOESN'T INVOLVE DCOM IN ANY WAY.

Blame phpbb forums, I did re-activate your account.

Let me talk to Dave, I shall get it sorted out.

Ethanol do us all a favour and have a nice deep cup of stfu!  
Then go and drink a cup of Ethanol!

Although Ethanol is fatal to even drink a drop ur such a jackass you couldn't even commit suicide if you had your'e head in a gilotine and all you had to do was press one giant RED button that had "PUSH ME!" printed on it in luminous paint!

lol-.

Can I say good game? Moron.

P.S. Btw batwat, I'm pretty sure a single drop of Ethanol wouldn't kill you. When you go all out immature-flaming on a person, try doing it in an intelligent manner.
