this is the announcement of the TS Revolution mod we will convert renegade to TS (duh) and yes we know the reborn mod but we will make some stuff that is a little different than the reborn mod, what it is you will have to wait to know. We have already made alot but still need some stuff but we hope to be done quick, i cant give a date yet but we could need some more help especially someone who knows how to make good animations and a character modeller and a scripter more. The team: Ceht (me): modeller, skinner, character modeller. Slayer143: skinner (and my adviser). Triforce: modeller, skinner. Laser2150: modeller. RenegadeRuler (from ammo forum): modeller. JWP: modeller, scripter. Bouncer24: mapper. psychoarmy: helps with whatever we need. To Jonathan Wilson or dante (if they see it) i should ask from our scripter if we could get permission to use and maybe edit some of your scripts if you agree you will ofcourse get credit for it....\*update\* we could also use a good webdesigner because of the fact that we need a website [ February 27, 2003, 15:22: Message edited by: ceht ]
