i did this

```
<center>
<font size="4"><font color=white>
<br>
<br>
<a href="" target="_blank"><img src="" border="0" alt="Photo Sharing and Video Hosting at
Photobucket"></a>
<br>
<br>
```

TEXT HERE

```
<br>
<br>
<a href="" target="_blank"><img src="" border="0" alt="Photo Sharing and Video Hosting at
Photobucket"></a>
</font></font></center>
<br>
<br>
```

pretty much picture then space then text then space then picture

but how can i put a white boarder around the whole thing and not just the pictures alone?

Put everything in a table and enable the border around the table:

```
<center>
<table border="1" bordercolor="white">
<td>
<font size="4"><font color=white>
<br>
<br>
<a href="" target="_blank"><img src="" border="0" alt="Photo Sharing and Video Hosting at
Photobucket"></a>
<br>
<br>
```

TEXT HERE

```
<br>
<br>
<a href="" target="_blank"><img src="" border="0" alt="Photo Sharing and Video Hosting at
Photobucket"></a>
</font></font></center>
<br>
<br>
</td>
</table>
```

I didn't test this code, but that should do it.

Use CSS, tables are very 1990s.

Disclaimer: I haven't tested this but I'm pretty sure it'll work.

```
<style>
.container {
  width: 500px;
  margin-left: auto;
  margin-right: auto;
  border: 1px solid #FFF;
}
.container p {
  margin-top: 1ex;
  margin-bottom: 1ex;
}
</style>
<div class="container">
<a href="" target="_blank"><img src="" border="0" alt="Photo Sharing and Video Hosting at
Photobucket"></a>
<p>TEXT HERE</p>
```

</div>
