You fail.

Also, I don't use the advantage skins, so I guess everyone doesn't use them. It would be nice if no one used them, or someone found a way to block them with a server side mod.

Ya, removing a picture of a 3d render of what seemed like a naked 9 year old girl addicted on female hormones and affected by a nasty hair disease, making it blue.

But than again. Look at what I just wrote down. It's removal is for the better.
