Yes, Yes. As you know Im the leader of Black Shark Studios. Ive notice recent events with one of our Admins. Horqwer. He has insulted one other company (Bluehell Productions). And to add excessivillally broke BSS rules for Admins. When I met with him online to explain his actions he said insults toward me such as "B*TCH", "F*CKING A**HOLE". Therefore I went to ban him. Somehow he had access to the ACP. And banned me from my own site. I deleted the ban Via server and then banned him. IP Range. That means his whole DNS. So he is gone from BSS, And online. Yes, Online.

Him on MSNF*** YOU, F*** ONLINE SH*T
(Partally edited so that it would censor that)

He wont be returning for a long time, And from what I can tell he is pissed. So We wont see him, He is no longer a BSS Member. We are sorry for what trouble he cuased. We are extremely sorry for those that recieved his insults.

Seriously man, BSS has yet to prove itself to the community. The best thing you can do is to lay low and then when you have something to put to your name announce it to the world and show us all up.

Until then your just some kid with delusions of grandeur.

The thing is, is that you should have never even made him a leading member of your website in the first place. If you needed any shred of evidence that he might not be good material, you only had to look here.

And now, your website is a joke, because he went on and on about BSS; people will now be calling it BigShitty Studios.

I guess its not totally your fault that he's an idiot, and came across that way on the internet, but because of all this, you've let him hype up your site, and you have absolutely nothing to show for it.

He's not the only one ruining BSS' reputation... if you head to n00bstories, you'll find a player by the name of iAmHeyi...

<http://www.n00bstories.com/forums/index.php?t=showposts&id=8826&rid=7431>

I'm not sure if you can access that link, but if you can, you'll see that your website needs an age limit of at least 16.

Yeah you pretty much hit it right on. Seeing as how it has people such as HORQWER, Missilexx, and other people who no one really cares about, it seems to me like it's just a steaming pile of 6 month old horse shit on top of dog shit on top of cat shit.

Honestly though, I AM getting fairly tired of all the "LOL HORQWER DEFEATED" "OMGZ HORQWER AT IT AGAIN!11". It's pretty damn obvious by now that no one can be THAT stupid, so he's just another internet attention whore, regardless of what KIND of attention he gets.

Just let it all die. And if you see him, simply ban him if possible. No questions asked, no big topic about it, just ban. It'd save everyone alot of trouble.

Also, John, I kinda told you that if you're gonna ban him, don't be all "LOLZ HORQWER BANNED" because it'd just make things worse.

Wow, what you got against BSS people? How can you know if John's post is a fake? You just say that because you have something against BSS, what we ever do to you? I know Horqwer have been insulting others, even one of my friends.

Also give is some damn time to work our community up, you can't expect us to release like 10

mods 2 days after we started it! I'm working on a mod right now wich is developed by BSS, wich is called "C&C Total Annihilation". It's not the best mod because I'm the only one working on it. But still it's better than nothing.

I think everyone needs to rethink their strategy here.

It's obvious BSS is going to be a flop, bur in all honesty, it provides the greater Renegade community with integral services, such as banding idiots together to make them easier to identify. Also, it provides said idiots with a place to hang out and be idiotic, decreasing (hopefully) the time they spend around the rest of us. Also, if BSS is abandoned, it's members might actually go out and seek to take roost in other communities, something that nobody wants.

Therefore, we should support BSS in all it's endeavors, since life will be slightly more annoying on us without it.
