With nothing to really base this mod on, we need some suggestions. What we have:
-Laser Chicken
-"Fried Chicken"
-Flying Chicken
-KFC Mobile

We need some more stuff. Ideas?

Hmm...

Chicken aircraft come to mind...

It could have two weapons.
Primary: Egg of doom! It drops a powerful egg. But it takes longer than normal to reload

Secondary: Killer Bird Shit! Less powerful, but drops faster and like 3-5 at a time. :twisted:

What sillyness? This is a serious mod. We have a team, and are currently creating models and gathering ideas for future additions.

Hey, as I was saying, it's as serious... as a Chicken mod possibly can be.
