Brotherhood, Unity, Peace.

That is the motto of the very new XGB clan, that has been created on 19 December 2007. We are aiming to become a professional gaming community for the games Command and Conquer:

Renegade

and the newly released Unreal Tournament 3.

Our clan is divided in three fireteams, Alpha, Beta and Delta.

Each team has a teamleader, he/she will be chosen based on leadership and skill. Each fireteam has a maximum of eight members, so recruitment is limited.

We ask of our members that they can act maturely, and play with respect towards each other and the renegade community.

To become a member of the XGB you have to comply with the following regulations.

(The application form is available on the forum)

-The recruit has to be older than 15 years to join.

-He/She must be willing to put some effort in the Brotherhood.

The XGB main forum:

<http://z15.invisionfree.com/XGB/>

(Our website is still under construction and will be up and running soon)

Its from crysis because it looks cool , and sorry to hear Surth. Its a specific rule because we had trouble with younger members some time ago in another clan. No offence meant.

@ Goztow, yeah belgians rock
@ Atomicway, nobody said anything about skills. Skills can be worked on, all we ask from members are that they can act and respond in a mature way.

IMO, this is a very mature clan. Good site, proper use of English and seems like good gamers.
New clan but very respectable.
