I'm getting really sick of you anti-EA n00bs. WS wasn't making enough money...EA was completely justified in shutting down WS...any idiot with half a brain would try to have a profit

Duke of Nukes! I'm getting really sick of you anti-EA n00bs. WS wasn't making enough money...EA was completely justified in shutting down WS...any idiot with half a brain would try to have a profit

Uh huh....Who was it who controled WS and told them not to patch a game that had been ot for a while and just to move on (such as RA2), EA DID!

Who told them to release no further patches for Renegade because it ws pointless? EA DID, WS DEFIED THEM! Go WS!

WS would have done just fine if EA had left them alone but the money hungry comany doesn't give jack about gmae quality and keeping players.

peace out,

EA are just eating up all the compotition eg, bullfrog. I think what the last person was on about is that EA would rather keep there money that spending a tiny tiny bit on the exsisting games to

make them better.

And again i would like to stress everyone is entitled to there opinion even if its a stupid one (not that this one is cause i agree with it), if you dont like it then instead of starting a flame war why dont you try to convince them in a adult fasion with evidence, if this doesnt prevail then just drop it and let them belive what they want to belive and hopefully it wont have to much efect on your physcal and mental well being.. :rolleyes: :rolleyes

ps: Its not like EA arnt making a profit from everything else.....

Look, if you have a problem with EA then take it upon them. Please don't make hate-topics like this. There's really honestly no point! You think bitching to EA Fans (me as one) will actually like the bitches? Umm.. No. Why don't you email [Im-A-N00b@EA.com](mailto:Im-A-N00b@EA.com) and bitch to them eh? Just leave it out of these forums.. :rolleyes:
