hi i was looking for a textures in always.dat and found the textures i wanted but its a .dds file, im just wondering how do i convert it into a .tga file. can anyone help me?? or if someone has the texture can you send it to me plz

the files i need are:

L10_cliff1

L10_sandsmth

Lv8_rock

thanx

.fatalcry to .fatalcry

by the way XCC can convert dds to tga (mouse right click on file...)
