Ok, so I took a picture of myself that I thought was kinda sweet and wanted to post it to the UR FACE !?!11! Thread, but realized that my good intentions had turned into an 8 page fuckstorm of retardation. I think I may have set an innapropriate tone with the title, so I've titled this one a very proper "Your Face". Also to answer the inevitable "Why?"s as to why I keep making these threads, I have no idea. I just like seeing what all these internet people really look like and despite my appearance kinda like taking photos of myself lol. So... uh yeah... Here I am:

I took this about a year ago for one of the IRC Network 'Your Face' topics.

If I find my camera i'll take some more but for now I only have this one.

You look thrilled, Blazer.

I'm lacking good photos of me, so I'll make it up by uploading three bad ones.

Here I am, at the age of three:

Here I am, with a beard:

Here I am, being kissed on the cheek:

I actually got that a lot as a three year old, or so I'm told. I got a pretty serrious haircut shortly before my family moved to America.

Still, I like that picture. I think I made a cute kid.

Photo of my taken on friends Macbook Pro in the Comp Labs from when I was at Uni.

Yes, that is an AT-AT poster in the background.

No I was being sarcastic.

I just meant to say that I don't own any sort of digital camera.

Just found this on my dad's computer. It's a lot more recent than the other ones -- taken Christmas eve with my dad's new camera.

Pardon how stupid I look. It was late, and I need a haircut.

Edit: HOLY SHIT THAT'S HUGE! Is there a way to shrink it without editing the photo itself?

There's also such a thing as an "Image editor". I've heard MS Paint is pretty popular.
