I got a problem with the scripts when it says to delete shaders.dll and d3d8.dll all i get is
"Shaders.dll And D3D8.dll is not found. Are You Sure you Installed The Scripts Correctly?"
I dont know what to do.

U can never delete d3d8.dll unless u want to uninstall scripts. Then u also need to delete
scripts.dll and rename scripts2.dll -> scripts.dll (and delete bhs.dll).

Auto-installer
Don't check "bloom" or "Shaders"
