If you havn't tried any of these, I highly recommend you do. After trying Simply Orange, I've never bought any other kind of OJ. I recently tried Simply Apple, and it's the bomb as well.

It does cost a little more, but unlike most shit that costs more just because of the brand name, you can actually taste the difference.

Even if it doesn't have pulp (there are bottles that do have pulp), it doesn't need it. It's really that good.

Innocent Smoothies are the bomb also. They cost nearly £2 for one small 1/4 litre bottle though.
So expensive.

If the OJ is grown in the US I'm all for it. If it's from china or some other poor country, I'm not going to drink hormone/poison orange juice.

Give me the country of orgin of the oranges, and i'll drink if it says grown in US.

Because the US NEVER uses hormones in their growth. Such tactics are obviously confined to China and other "poor" (Lol) countries.

I have to agree that is some good stuff. My only complaint is the small container it comes in. I like to buy my OJ in bulk so I don't run out.

As for the orange, it comes in 4 different levels of...pulpness. From no pulp to OMG IM CHOKING ON PULP.

The apple looks cloudy, but has no pulp.

The oranges are from Florida

It comes in larger containers as well

I think I responded to everyone

COMPLETELY OT: Do you have canine DNA? No, so quit acting like you have a fucking muzzle. If you like to fuck people in animal suits, fine, but being "in touch" with your "animal side" is a bit much. As far as I'm concerned, humans ARE animals, so you can't be two creatures at once. You're not a fucking mythical creature.

Hmm... Let me think...

Cheesesoda, You go on and on and ON about your age and your maturity and all that, and this just proves all your bragging at "oh I'm so mature" wrong. Follow the "If you can't say anything nice, don't say anything at all" policy, and do us all a favor. People have different tastes, and skin colours, and different sexualities. Swearing at them isn't about to make them change, so sit down, kick your feet up, and have a nice hot cup of shut the fuck up.

And this goes for the rest of you, Yeah, so what, he's a furry. Get the fuck over it! If Blazer suddenly turned around and said "I like guys", would you all immediately hate him? If so, I suggest you grow up. I've talked to Zion Fox many many times, and he's a VERY nice person. Just because he adds in the occasional furriness doesn't mean he's a freak. Consider other people's feelings. Seriously. Put yourself in their shoes and imagine how hard it is for them, what with all the abuse they get. Homosexuals, Furries, and "different" people in general are ALL brave, for being able to take the crap that gets thrown at them EVERY SINGLE DAY!

Rant complete, cue flame thread.

That was about having the maturity to be a moderator on a server. Plus, this doesn't prove that I'm immature other than I don't have the restraint to not say what's on my mind.

Look, homosexuals can't help who they are. I'm sure people are going to try and suggest that the same goes for furries, but I won't even dignify that argument with a response. That's like saying I don't choose to be an asshole. Sure, I may have an inclination in my personality to be an asshole, but it's 100% my choice to allow myself to be that way.

I don't care how nice of a person Zion Fox is. He seems intelligent and level-headed. I don't have any problem with him other than the fact that I have an issue with furries. It's not so much a direct attack as it is a generalization.

Also, quit acting like a fucking relativist. Relativism is a bunch of bullshit. I'm not going to say that his choice to live the way he wants to is "incorrect", but I'm certainly not going to sit here and

pretend that I have to be tolerant of everything and anything.

Okay both shut up now.

Yes, i'm a fur, Yes, i'm Bi, but who, besides those who actually believe what the bullshit media say, cares?

I believe i am a fox, okay, there i said it.

I don't have hands, i have paws. I don't have a mouth, i have a muzzle. I have a large bushy tail. I have digidrage legs, i actually walk on my hind paws, not my heels. I have a nice rusty orange coat of fur, with a white area going from the bottom half of my head, down my chest, and slowly ending half way down my inner thigh. I have dark brown paw fur.

This is me, this is who i am, and if you can't choose to accept that, either:

- 1). Shut the fuck up, and keep it to yourself, or
- 2). Contact me privatly about it, and i will explain to you, and show you i mean no harm...

However given point 2, if i am aggrovated, i will bite...
