I am the furthest from being racist, in fact if you read the Bible, we all are Jews who survived the great flood 5 thousand years ago soon after God created the universe. But this is an old fast fact I find humorous and perhaps you do too.

Oh please tell me you did NOT just say you were a complete fundamentalist retard.

Some more fast facts: People never lived to 500 years old, and there was no great flood. If I came from a Jew, why is my skin black and my eyes squinty?
