Hil play Battlezone 2, i dont know if any on here have played it, well i'm wondering how renegade compares, i havnt downed the demo yet ,but used to play red alert a lot a few years back,Well the clan i play with is looking into this one, as it seems similar to bz2. www.the-rip.de Thinking that team tactics will work well in renegade, what do you guys think ?P.S. What clans are there in C&C

what up Rip, its better than bz2 in my opinion, the graphics arent anything to go crazy about but the match play that can happen has outstanding potential

Renegade is 100% a tactical game. I've seen an army assault the enemy base in chaos and die while a well coordinated smaller strike destroyed it.
