Stay up 30 hours, go watch Rambo, and get an Americano on the way home - the story of my life. I'm serious; it was the best day ever - and I went alone.

I'm going to go see it again, rested, so I can get better detail of the movie.

Go see it.

You know, I bet if you really wanted to know what an Americano was, you'd search for it.

Soon there will be "Rambo XXV", where Rambo, while 87 years old and in a wheelchair, single-handedly rescues some POW's from a vietnam old folks home.

They weren't errors, ZF thinks he has paws. I find that a bit odd, but hey that's who he is, so I accept it, strange as it may be There's nothing wrong with being different, as long as it doesn't harm others.

Not that I'm trying to push any buttons or touch a nerve here, but I don't understand how can think you have paws etc when you look in the mirror and you are blatantly a human with nose,mouth,hands etc.

That's the thing.

I don't THINK i have paws.

I just call them paws, you know, the way you call them hands?

Same goes for muzzle, headfur, so-on and so-forth.

The titles are all screwed up here. The first one is called "First blood". The second is either called "Rambo Second Blood" or "Rambo First blood part 2" I can't quite remember which. And the third is just called "Rambo 3". And know they have Rambo which takes place after all the others.

<http://en.wikipedia.org/wiki/Rambo>The films are: First Blood (1982), Rambo: First Blood Part II

(1985), and Rambo III (1988). A fourth film, simply entitled Rambo, was released on January 25, 2008.
