The link to download the First Decade Registry Fix is linked with the wrong file, it's linked to the custom HUD instead.

Oblivion165 owns the site, but has left or something, but it must have admins I hope?

Fix linky.

Ah thanks, fixed.

Reborn sent me a link

Everyone feel free to send me links to anything that needs my attention

Oh you still here, my bad.

Thanks for fixing that, I couldn't find any listing of a way to contact you on the site.

He still maintains renhelp... I'm sure if someone made a new tutorial he would add it. He is still kind of active, he helped me just the other day.
