If you want to get the full lulz, watch videos 2 and 3 FIRST, and then #1. If you are short on time, just watch #1. It's funny, but you will be missing the reason why they created the video.

1. <http://www.youtube.com/watch?v=4KUowJzpgxs>

2. <http://www.youtube.com/watch?v=NKeD7rLYg8M>

3. <http://www.youtube.com/watch?v=T23oNcCFriE>

Video 1 Summary: Music Video where Matt Damon gets fucked by Sarah Silverman - a lot.

Video 2 Summary: Jimmy Kimmel has a running gag where he always says that Matt Damon is going to be on his show, but he always "runs out of time" before he can appear, and apologizes at the end of the show for not having him on. Once, he actually had him on, and let him come out and sit down and then said they were out of time - LOL.

Video 3 Summary: Kimmel does a promo of The Bourne Ultimatum, but instead of Matt Damon, he cuts in clips of their mexican security guard, and then they do a spoof of the movie with Matt Damon himself finding out about it and being pissed off...him and the mexican guy fight lol
