Hello,

im working with the SSGM CTF Server. MY question now is: How to enable in CTF Mode the Warfactory and the Airstip?

Im working with C++ an i found something an the Builings are enbale but i cant buy a vehicle

Tbh, using SSGM CTF is only good for using the default maps, settings etc, I still find SSCTF has MANY more options and is much for config'able than SSGM ctf
