When you see this you will...

Do that.

Maybe they will take some of these ideas and put them into Portal 2.

It be cool to use the mouse wheel to "scale" a portal. And that would make for some awesome puzzles.

...umm what is that?

I'm not downloading 23 megs of something I don't know what it is.

and that is why you fail at the internet

In all seriousness though, thats a shithot bit of open sourceness.

That is the game you see in those videos, if you want to play it.

Note: Read the FUCKING_READ_ME!.txt file for instrucionts on what to do.

Read the comments on that blog, he's not releasing the source. He said he is going to write something up explaining a lot of the techniques he used though.
