I know this is not the place to post this but i was hoping you guys could help me out.

I use windows vista and did the proper install according to the 9 step sticky. I have the first decade cd. I also tried reinstalling it a few times

Download this: <http://game-maps.net/index.php?action=file&id=523>

and when you start it just check "WOLAPI" and that should fix it.
