Do you know how amusing this would have been if instead of rigging he would have used the would boning.

I think anyone that makes that joke on these forums should get a 5 day ban. It was barely funny the first time, its definitely not now.

It's done, trust me.

I mostly see the joke relating to the Renegade skeletal system refer to "boning" as a sexual act.

Wheras I think Jerad was referring to if he were to say "Boner Needed Please".

I don't think I've seen that...

But not with the word "please", plus I didn't notice when the topic was started, and though it was suppose to be an April Fools joke.
