There is another thread about this already...

I'll watch it tomorrow. Will probably disagree with about everything that is said in there though...

not until you prove that I'm gay.

I really don't care what you think of me, all I know is that I'm straight, perhaps straighter than you, homophobic.

Even more unbalanced than Michael Moore films. That's saying a lot. A more honest representation of what this is is propaganda to be honest. I know a lot of Muslim people and not one of them has attempted to blow up my house this week!

On a site note they are looking into how Islam insights hatred without seeing the irony of the film they just made. Maybe I should make a film about the IRA bombings to show how bad Christians can be. Rant over.

I watched it several days ago on a site that has since deleted it...but from what I remember it was only 15 minutes long and just showed a bunch of Islamic terrorist attacks. Whoopy freaking doo just go on Youtube, same difference.

Propaganda, misinformation, misinterpretation, etc.

All this movie is doing is getting people to buy Qurans. In fact, I read an article somewhere that

Holland has run out of Qurans.
