Forum specifically devoted to the tournament is here
^ includes the place to report matches, contact information so you can schedule with your opponents, etc

You can view the tournament bracket, which will be updated as game results come in, by logging into the Renegade league at [Clanwars.cc](#)
Click the Tournaments button at the top;

then click '1v1 Field Tournament'.

It looks a bit like this...

incidentally, my predictions:

Semifinalists: Tildeth, Whiskey, Hermit, Poison

Semifinals:
Tildeth > Whiskey
Hermit > Poison

Final:
Hermit > Tildeth

2nd-quarter bracket had me stumped for a while... my original prediction looked like this

well no, because my crude patching together of 4 ss's doesn't include the semifinals+finals

Both the cw.cc site and the smak forums were accessible for me these days. You shouldn't

encounter problems now, as I just checked them again.

Lol, way to get upset just because I joked to you about you cheating, even though you said 'I don't care what you think, it's just Renegade'.

i'm not upset, it's just a fact that you're there quite a bit more than the average renegader.

Maybe they think you are one of the halo hackers :0 or maybe your host is blocking it. What comes up when you enter the site name. Post an SS.

I assume the first, as I (still) live in a free country.
As I can access it by a Proxy.
