I dunno. But if after you gget him, follow him, it's the easiest way to the cathedral you have to get to and defend. And the level after that, oh wait maybe I shouldn't spoil the AWSOME ending cutscene.

FIRST OF ALL TO KEEP HIM FROM GETTING OVERRUNhe gets overrun once you go too far up that alley(the one where he says "i'm being overrun" so, don't go up that alley until you have found him and he will surviveonce you get to the house with him in it, destroy the apc outside the door go meet him and he will run off let him get ahead of you then once he is out of sight, then you can go to the cathedral and he should stay safeas for the flame tank, destroy it before you get anywhere near rescuing him
