I have started on Cambodia 2, should be 100% more fun than the original. I am using ideas from a map in Soldier of Fortune 2, the jungle map.

But it will retain much of the original Ideas. And I Have learned a few tricks since the first one, so It will look better.

I may make it a Assult or CTF map type.

I mean, out of the people who play renegade today, maybe half go to sites, and only about 2 or 3 sites have cambodia. So its a good bet not a lot of people have even heard of the map. Not to mention taking into account people who are effected by their internet connections, maybe they don't want to hassle DL a big file.

It's was deleted because of the incorrect author name was posted with it, wasn't it????

Can't you just send it again? be easier for him to click a few buttons and it's done.

WOOOWOWO just looked on ammo Temple_DM or DM_Temple as it is under has 305 downloads! (goes home a happy man)

no, at cncnz they posted it with ACK's name instead of mine.

You can get it from CNCNZ.com

And you will be able to get it from THNF.com when I launch the hive.

Deafwasplno, at cncnz they posted it with ACK's name instead of mine.

Bah! thats an insult to Cambodia, it is an excellent DM map. I hope number 2 is as good.

(Only my view of ACK. People who i think have helped me out a lot with things i needed help with go into my sig)

Actually it should be 10 times better. I learned a few tricks since then, improved skills. more ideas.

Cambodia IMHO was second rate. Not as good as it should have been.

That was a map I began early in my learnings.

ACK has helped me a lot, give him at least 30% credit of anything I have done. If it wasn't for him I would have given up a long time ago.

By the way..... thnf.com
