I would like how you make these colour boxes around words etc.

I have Paint Shop Pro 7, Paint Shop Pro Photo x2 and Adobe Photoshop CS3.

If someone could explain the steps, I be most grateful, thank you.

Oh god yes you can.. it works.

Ugh I hate my MS Paint, it's in German since my Windows XP is in German.

Thanks.

Last time I used MS paint was like 3-4 years ago, it's so long ago so forgot about it, I normally use

more advanced programs.

A friend gave me a English version, so easy to use now.

Ha Ha, I downloaded myself a nice new program called Snag it 8, it's freaking awesome, I recommend it to everyone.

Topic can be closed too.
