It's forever changing...
Maybe the letters are a message encoded, and we have to guess what the message is.

Maybe it's a coded message that still needs completion? Or maybe we'll have to find a word with the letters that appear? Or maybe it's someone pulling an unfunny joke... Who will tell?

The only people who would have enough access to edit the forum code to add the arrow are crimson and blazer. So it has to be one of them adding this arrow.

Accually thats incorrect.

Its the forum title that is being edited... meaning its a simple edit from the admin panel. And Jonwil... you know exactly what this is about lol
