Probably a rocket trooper... You will find many of those on the rooftops of that level...

Snipers will appear in dark windows and roof tops, and some more will come to replace those which you kill, so double check all of the sniping spots, and watch you back. Rocket Launcher Soldiers are a pain, there are alot of them use take them out at a range. Good Luck...-----"Inferior tactics detected" – Cabal "By the way, missile launch detected!" – Cabal
