I heard there was going to be a new Renegade online game (battlefield style). Is this true? And I'm not talking about the old Renegade 2 that was canceled. I think this one is going to be totally online. I'm not sure.

By the sounds of it I believe you mean Tiberium which is going to suck 100% in my opinion.

I heard there was this new game called posting all of one's questions in a single topic. It's supposed to be the smash summer hit of 2008.
