In MP, there's this tank that looks like a match box with wheels and a lawn-mower blade in front, and there's a alien thing and a flame dude that looks like a butcher. What are those and how can you get them?

The "matchbox on wheels" I believe is the tiberian harvester, if the alien thing looks like a blob then it is a vicarod and the cook IS a cook. I don't know if you can get them.

There those "Easter Eggs"! This is how you are ment to access them:During Multi-player press "F8", then type, "extras quantifigon", then press "enter". Finaly hold the "Alt" button down at the purchases terminal to access/buy them. I have not tried this out yet, but this was said in the PC Gamer Mag I think, and I think it works only on a particular version of Renegade...Good Luck
