Are you sure about that?The first mate is up the tiberium room just keep going up and you will meet him. People do not seem to find the second elevator 1 floor up the tiberium room.

Tx Founder. We must have a different game out here in Australia. I thake the elevator up from Tiberium room & on the next floor there is only one elevator & it takes you to the Outside deck.The map is next to useless as it dosnt register the floor levels.

When you are on the deck move around to find the stairs to go up. I think it is on the side. There is a lot of offices there just go up the stair until you find the green card from one of the officer then you are one your way to kill the officer.
