Hey guys, I'm looking for a good Sniper Pack, I say that meaning, Deadeye skins, Black Hand Sniper skins, reticles, things like that.

And could someone also throw in a good HUD, I'm bored with the original, I don't want a radar HUD though.

I've looked there, not what I'm looking for.

I don't use advantage skins, no need lol.

I'm looking for detailed skins, not just a blur of colors.

To shorten this, I want a detailed cool looking Deadeye/BH Sniper

And a good sniping reticle.
