Did you even play the games? C&C3 KW starts makes the link between Tiberian Sun and C&C3 and goes a bit onward.

Kane gets screwed up bad at the end of Tib Sun, he "reawakes" at the end of Firestorm, then in KW he is revealed to be alive looking just like he was in Tib Sun. He stops a faction war, goes on in C&C 3 to mess about with GDI, then survives again through the Third Tiberium War and orders LEGION about to get the Tacitus (which is in KW and not C&C 3).

KW act 1 was also the second Tiberian War.

Act 2 was Tiberian War 3.

They say heretics because it's a evil fanatical religious organization, any break away=BETRAYER. Same thing with Catholics at first about Protestants.

I heard an IGN review that the storyline in KW was confusing... but was great in C&C3...

Basically the two parts are split up as follows:

Everything before you "go to sleep" (This would be the part 1 that nopol10 is talking about before C&C3)

Everything after you "wake up" and Kane welcomes you back. (This would be the part 2 that nopol10 is talking about after C&C3)

Kane's Wrath takes place through 3 periods of time. The beginning of the game takes place before C&C3, just after Tiberian Sun.

The middle of the game takes place during C&C3, sharing some events and another perspective on what was really happening.

The end of Kane's Wrath takes place after the events of C&C3, and that leads up the the story in Tiberium. (I think)

CABAL was like Nod's EVA in Tiberian Sun. In Firestorm he tried to destroy all humanity and without leadership from Kane, Nod teamed up with GDI (That's why in Kane's Wrath you are supposed to kill those members of Nod's inner circle)

You have to play more into the game to figure out her intentions.

The Game Command And Conquer 3 Sucks Because E.A. Games Made It And They Not Only Made It With A Horrible Plot But All The Horish Graphics And Super Weapons And The Story Line Going No Where I Didn't Even Play The Game I Kind Of Read Up On It I Think.
