hiho guys

after like 2 years break i just decided to play renegade again

but i just dont find any servers

isnt there any Server left ?

is the game "dead" ?

im using my old account from 2005 so i thought the problem with the taken nickname as told in the stickys shouldnt be a problem ?

im currently kinda stucked also google doesnt really show anything usefull

All nicks were reset when WOL swapped to xwis. So it's possible that your nick was taken by someone else.

What does the popup say?
